**I. INTRODUCTION**

Occidental Permian Ltd., Oxy Delaware Basin, LLC, Oxy USA, Inc., Oxy USA WTP LP, Houndstooth Resources, LLC, and Occidental West Texas Overthrust, Inc. (collectively "Oxy") and COG Operating LLC (Concho) move to admit additional evidence into the record in the above-captioned proceeding. Counsel for Oxy is authorized to represent that this motion is unopposed by all remaining parties to this docket.

**II. MOTION TO ADMIT ADDITIONAL EVIDENCE**

Oxy moves to admit the following exhibit, which is attached to this motion:

Oxy Exhibit 7-3	Executed route modification consent agreements from the following landowners: <ul style="list-style-type: none"> <li>• Balmorhea Ranch (Link E1)</li> </ul>
-----------------	---

	<ul style="list-style-type: none"> <li>• Ed Armstrong Ranches (by M. Brad Bennett) (Link C2)</li> <li>• Margaret Claire C. Rebouche (Link G52 and I3)</li> </ul>
--	--

Concho moves to admit the following exhibit, which is attached to this motion:

Concho Exhibit 5-K11-3	<p>Executed route modification consent agreements from the following landowners:</p> <ul style="list-style-type: none"> <li>• Hanging H Ranches Inc. (by Roy Jackson, Receiver) (Link K11)</li> <li>• McCoy Remme Ranches LTD f/k/a McCoy Land &amp; Cattle Co (Link K11)</li> </ul>
------------------------	--

### III. REPORT ON LANDOWNER CONSENTS

**Links E1/F1:** With the agreement from Balmorhea Ranch included in Oxy Exhibit 7-3, Oxy has now obtained executed route modification consent agreements from the surface owners on every tract affected by its proposed modification to Links E1/F1.

The Link E1/F1 modification affects Tracts 44, 131, 205, and 206.<sup>1</sup>

- Tract 44 is owned by the Balmorhea Ranch.<sup>2</sup> Their consent agreement is included in Oxy Exhibit 7-3, which is attached to this motion.

<sup>1</sup> See Oncor/AEP Ex. 11 (Marusak Reb.) at Exhibit RJM-R-7.

<sup>2</sup> Oncor Ex. 2 (Notice Affidavit) Attachment 4 at 1.

- Tract 131 is owned by Chevron USA.<sup>3</sup> Chevron USA's consent agreement (which was executed by Land Team Lead Todd Meade) can be found at pages 9-12 of Oxy Exhibit 7-2.
- Tracts 205 and 206 are now owned by Oxy,<sup>4</sup> which consents to its own proposed modifications.

**Link C2:** Oxy is still awaiting a single outstanding consent agreement related to its proposed modification to Link C2. While Oxy has received positive indications from that landowner, it has not yet obtained an executed consent agreement.

**Links F3/G4/G51/I2:** Oxy is still attempting to obtain five outstanding consent agreements related to its proposed modification to Links F3/G4/G51/I2. Concho obtained three surface owner consent agreements from its lessors.

**Links J1/J7:** Concho identified two landowners who own tracts 80, 82, and 84, 145, and 146 affected by the J1/J7 modification. Both landowners consented to the modification.

**Link K11:** Concho's proposed K11 modification affects only tracts: 122, 140, 142, 173, 175, 230, and 362. Concho obtained landowner consents from Hanging H Ranches Inc., Hoefs Ranch LLC, and McCoy Remme Ranches LTD. Although Wolfcamp Properties, LLC did not receive notice for that link, the entity informed Concho it owns a portion of one section affected by the modification, so Concho obtained Wolfcamp Properties' consent for the K11 modification. The heirs of M.A. Scarbrough own Tract 230, or Section 28. There are twenty-two persons or entities with undivided interests. Concho obtained consent forms from all but one heir. The percentage ownership of the landowners from whom Concho obtained consent is 93.75%.

#### IV. CONCLUSION

Oxy and Concho respectfully request that the Commission admit Oxy Exhibit 7-3 and Concho Exhibit 5-K11-3 into the record in the above-captioned proceeding.

**PUCT Docket No. 48785**  
**PROPOSED ROUTE MODIFICATIONS CONSENT AGREEMENT**  
**(Link E1 Sand Lake to Solstice Portion)**

This document provides consent of the undersigned landowner (Landowner) to modifications to a potential route to construct a 345 kV transmission line in a pending application of Oncor Electric Delivery Company LLC (Oncor) and AEP Texas Inc. (AEP) for a certificate of convenience and necessity filed with the Public Utility Commission of Texas (PUCT).

Landowner is executing this document at the request of Occidental Permian Ltd., Oxy Delaware Basin, LLC, Oxy USA, Inc., Oxy USA WTP LP, Houndstooth Resources, LLC, and Occidental West Texas Overthrust, Inc, which are wholly-owned subsidiaries of Occidental Petroleum Corporation (together, Oxy). Landowner acknowledges that Oxy proposes or supports modifications (Proposed Modifications) to Link E1 which Oncor and AEP proposed in their application in PUCT Docket No. 48785.

Landowner affirms Landowner owns the land underlying the Proposed Modifications depicted in Exhibit A and attached to this agreement. Oncor's and AEP's proposed Link E1 is indicated by a yellow line in Exhibit A. Landowner acknowledges the Proposed Modifications would cause Link E1 to be constructed along the blue line depicted in Exhibit A. If the PUCT approves a route including Link E1, Landowner prefers for Oncor and AEP to route the to-be-constructed electric transmission line along the path following the blue line depicted in Exhibit A.

Oncor and AEP will only construct a transmission line using the Proposed Modifications if the PUCT approves in Docket No. 48785 a route including Link E1 and the Proposed Modifications.

**Landowner agrees Oxy may file this agreement with the PUCT as evidence of Landowner's notice of, and agreement and consent to, the Proposed Modifications and location of the to-be-constructed transmission line if the PUCT approves a route containing Link E1 and the Proposed Modifications. This agreement does not grant an easement or construction rights.**
